Bureau of Indian Affairs
Navajo Regional Office

FOR THE PERIOD

January 1, 2025 through December 31, 2025

Pursuant to 25 U.S.C. 5301 et. seq.
(Pub. L. 93-638, as amended)

ANNUAL FUNDING AGREEMENT

This Annual Funding Agreement (“AFA”) is entered into between the Navajo Nation and the United States Department of the Interior (“DOI”), pursuant to the agreement between the Navajo Nation and DOI for Water Monitoring and Inventory, pursuant to Title I of the Indian Self-Determination and Education Assistance Act (“ISDEAA”), Pub. L. 93-638, as amended (hereinafter referred to as the Contract).

A. PROGRAM, FUNCTIONS, SERVICES AND ACTIVITIES

1. The Navajo Nation agrees to administer and perform those portions of the Bureau of Indian Affairs’ (“BIA”) Water Monitoring and Inventory identified in the Scope of Work, attached hereto as Attachment A and incorporated herein by reference, in accordance with its own laws and policies and the terms, provisions, and conditions of the Contract and this AFA and any attachments hereto. The program standards, including any provisions of Federal Regulations waived by the Secretary, are identified in Section B of the Contract.

2. The Navajo Nation agrees that any services or assistance provided to Indian beneficiaries under the Contract and this AFA shall be provided in a fair and uniform manner subject to applicable laws and regulations.

3. The Navajo Nation shall obtain from the BIA all such funds and other resources made available for the benefit of the tribe and Indian beneficiaries for all programs to be operated and services to be delivered by the Navajo Nation through the Contract and this AFA on behalf of the DOI, except for “Trust” and executive functions of the BIA considered non-contractible under the ISDEAA, as amended.

4. The BIA shall transfer to the Navajo Nation all such funds and other resources available for the benefit of the Tribe and Indian beneficiaries through the Contract in the most expeditious manner authorized by law, and shall provide technical support and

assistance at the request of the Navajo Nation or as provided herein, in the most expeditious manner authorized by law.

5. The Navajo Nation shall exercise full discretion over the funds made available subject only to the provisions of the Contract, this AFA, tribal law, and Federal law.

6. The Navajo Nation has identified a need for program and/or office space. DOI shall undertake reasonable efforts to make such program and/or office space available to the Navajo Nation, together with such maintenance services as may be necessary for that program and/or office space. When not available and tribal buildings are used, DOI will enter into a lease pursuant to Section 105 (f) (1) of the ISDEAA, as amended and 25 CFR Part 900, Subpart H.

7. The Secretary shall provide copies of all Bureau of Indian Affairs manuals, federal laws and regulations, as well as any updates, used as standards under this Contract. The procedures contained within this Contract supersede any conflicting Bureau procedures. In the event the Bureau updates these procedures the Contractor may request a waiver before these updated procedures become applicable to this Contract.

B. PROGRAM BUDGET AND FUNDING

1. Proposed Budget. Attached hereto as Attachment B is the proposed program budget for the services to be provided under this AFA. The amount reflects the Fiscal Year 2024 recurring enacted amount allocated. If Congressional appropriation for full year funding is not available at the start of the FY 2025, as an initial budget, the Navajo Nation may enter in the FMIS a full year budget at the actual, total amount of recurring funds distributed for FY 2024 that is based on Congressional appropriation. If the Navajo Nation is proposing to allocate costs between two 638 programs, the percentage breakdown of such cost allocation shall be reflected in the budget.

2. Funding Distribution and Final Budget. Subject to the availability of Congressional appropriation, DOI shall distribute direct program funding for Fiscal Year 2025 exclusive of any Central Office or Regional Office shares, direct contract support cost and indirect cost funds, in one lump sum payment to the Navajo Nation in accordance with Section B(6) of the Contract. The final program budget shall reflect the actual funds distributed. Funding award(s) such as one time funding which require separate expenditure report shall be specified in the contract modification (SF-30) by BIA. A separate account Financial Management Information System (FMIS Business Unit) shall be assigned by the Navajo Nation accordingly. Full payment shall be made by all-electronic payment through an Automated Standard Application for Payment (ASAP), an information system developed by the Financial Management Services and the Federal Reserve Bank of Richmond. The Navajo Nation must have: (1) an active registration in ASAP by completing the Participation Request Form: (2) an Unique Entity Identification (UEI) number and an active registration in the System for Award Management (SAM).

3. DOI acknowledges that the amount allocated does not fully fund the contracted activities and to the extent that any shortfalls exist in funding (direct, contract support cost or otherwise,) owed to the Navajo Nation, the DOI and BIA shall make a good faith effort, subject to applicable law, to identify funds or to obtain an appropriation to address this shortfall. DOI will report such shortfalls to Congress and simultaneously provide the Navajo Nation with such report.

4. Nothing in this AFA shall be deemed a waiver of any right the Navajo Nation may have under the Act to receive 100% of its funding, direct, contract support cost or otherwise, as determined under Section 106 of the ISDEAA, as amended.

5. BUDGET REVISION. The Navajo Nation shall request prior approval from the Awarding Official for a budget revision that will increase the amount of indirect cost for the Contract.

All other budget revisions do not require BIA approval, including carryover funds attributable to operation of the program.

6. DEOBLIGATION OF FUNDS.

- a. Funding under this AFA may be reduced only according to the provisions of Section 106(b) of the ISDEAA, as amended.
- b. In the event that funding of this AFA is reduced because of Congressional action, the Navajo Nation retains the option to rescind the Contract, renegotiate the attached Scope of Work, or suspend performance under the Contract consistent with Section B(5) of the Contract.

C. TRIBAL SHARES

In addition to the amount referred to in Paragraph B of this AFA, DOI shall pay a sum to be negotiated representing Central Office and Regional Office shares associated with this AFA. Such shares do not reflect Central Office or Regional Office shares which the Navajo Nation has included in other Fiscal Year 2025 Pub. L. 93-638, as amended, Contracts.

D. CONTRACT SUPPORT COST (CSC) FUNDS

The Navajo Nation shall be entitled to CSC funds to the full extent specified in Section 106 (a)(2) of the ISDEAA, as amended and related provisions. It is understood by the parties that full CSC funds may not be initially available to the Navajo Nation. However, upon becoming available by Congressional appropriation or through the identification of appropriate budget savings from CSC funds line items, the Navajo Nation shall participate in the distribution of those shortfall funds. If, during the term of this AFA, it is not possible to pay all CSC funds, DOI shall make a good faith effort, subject to applicable law, to identify funds or to obtain an appropriation to address this shortfall.

1. **Direct Contract Support Cost (DCSC) Funds**

In addition to the amount in paragraphs D and D(2) of this AFA, the Navajo Nation shall receive DCSC funds pursuant to Section 106(a)(2) of the ISDEAA, as amended. The amount of DCSC funds are subject to negotiation between the Navajo Nation and DOI. To the extent that

DOI does not receive sufficient appropriations to fully fund the amount of DCSC funds that would otherwise be available under Section 106(a)(2) of the ISDEAA, as amended, DOI shall report such shortfall to Congress pursuant to the requirements of Section 106(c)(2) of the ISDEAA, as amended, and simultaneously provide the Navajo Nation with such report. DOI shall pay any shortfalls in DCSC funds, and to the extent such shortfall funds are appropriated by Congress. In no event does the Navajo Nation waive its right to recover 100% of the DCSC funds negotiated under this AFA.

2. Indirect Costs (IDC) Funds

In addition to the amount identified in paragraphs B, C, and D(1) of this AFA, the Navajo Nation shall receive IDC funds applicable to the period covered by this AFA as determined pursuant to the applicable Indirect Cost Negotiation Agreement, entered into between the Navajo Nation and its federal cognizant agent. To the extent that DOI does not receive sufficient appropriations to fully fund the amount of IDC funds that would otherwise be available under Section 106(a) (2) of the ISDEAA, as amended, DOI shall report such shortfall to Congress pursuant to the requirements of Section 106(c) (2) of the ISDEAA, as amended, and simultaneously provide the Navajo Nation with such report. DOI shall pay any shortfalls in IDC funds when, and to the extent, such shortfall funds are appropriated by Congress. In no event does the Navajo Nation waive its right to recover 100% of the IDC funds associated with this AFA.

3. Contract Support Cost (CSC) Calculation

In addition to the entitlement of the CSC funds, the Navajo Nation shall submit a budget report that provides estimated CSC funds needs of both DCSC funds and IDC funds which will be submitted to BIA NRO by July 10 of the AFA year. The budget report shall be used internally at BIA NRO for the sole purpose of supporting the DOI's Contract Support Cost and pay cost allocations and shortfall reports to Congress. The budget report shall be prepared at or equivalent to Level of Detail 6 on the Navajo Nation's FMIS.

E. PRE-AWARD COSTS

If this AFA covers the initial year of a contract, any cost the Navajo Nation incurs with

respect to the performance of the Contract and this AFA before the award date or effective date of this AFA may be paid with funding under this AFA to the extent (a) that such costs are otherwise reasonable, allowable and allocable to performance of the attached Scope of Work, and (b) that the Navajo Nation informed BIA of costs consistent with Section 106 (a) (6) of the ISDEAA, as amended.

F. APPLICABLE LAW

In the performance of the Contract and this AFA, the Navajo Nation agrees to comply with all expressly applicable Federal laws, regulations and executive orders, including the Drug-Free Workplace Act of 1988 (Pub. L. 100-689), and all applicable Navajo Nation laws, regulations and executive orders. The parties shall renegotiate and modify the language of this AFA to conform to any applicable federal and Navajo Nation laws, regulations or executive orders which are passed after the effective date of this AFA.

The BIA shall inform the Navajo Nation, in writing, of all existing, newly enacted or amended federal laws, regulations and executive orders it believes apply to this AFA within 60 days of execution of this AFA or within 60 days of adoption. **NAVAJO NATION
WATER MONITORING AND INVENTORY PROGRAM
FY 2025
SCOPE OF WORK**

Purpose:

The purpose of this program is to enable the Navajo Nation to better manage, conserve and utilize its water resources. The priority of this program is to provide necessary studies and hydrologic information so that the Navajo Nation may prudently manage its water resources in an informed manner. These efforts primarily include obtaining information that describes surface and groundwater including assessments, inventories, monitoring, modeling and gauging (among others). These efforts may also include the preparation of water management and development plans, resources surveys, drought response and mitigation plans, watershed and flood plain management, and defining and characterizing the Navajo Nation's water resources.

I. Tasks to be accomplished with Reoccurring Funds:

Task 1 Training – Provide training for Navajo Nation technical staff to perform water resources related duties, and increase the technical capability to the Navajo staff to better enable the Navajo Nation to manage its water resources. All staff will participate in (or provide to other program and non-program staff) at least one water management related training per year.

Deliverable - A summary of training activities will be provided to the Bureau of Indian Affairs annually.

Task 2 Maintain groundwater wells information – Routinely maintain the Navajo Nation wells databases, and continue adding additional well information to this database. The physical and electronic databases include information that describes existing wells and fluctuations in water levels in major aquifer systems. Additional wells data will be incorporated into the database as they become available.

Deliverable - A summary of the updates to the database will be provided to the Bureau of Indian Affairs annually.

Task 3 Maintain surface water monitoring network – Routinely maintain the network of stream gauging sites to determine water quantity. The sites are visited monthly and rating curves are developed for each site. As much as possible, accepted USGS methods are used in the collection and reduction of data.

Deliverable - A summary of the annual water year data collected and reduced will be provided to the Bureau of Indian Affairs annually.

Task 4 Maintain climate-monitoring network – Routinely maintain the network of

meteorological platforms, (i.e., standard 8-inch rain gages, snow courses, recording rain gauges). The stations are visited monthly, and the data is retrieved and entered into the climate database. As much as possible, accepted National Weather Service methods are used in the collection and reduction of data. Data is used to develop precipitation run-off relationships, water supply forecasts, and to provide water managers with the ability to better use the Navajo Nation's water resources.

Deliverable - A summary of the annual water year data collected and reduced will be provided to the Bureau of Indian Affairs annually.

Task 5 Maintain Water Resources GIS Database and Library Archive – Routinely maintain and update water resources related data in a Geographic Information System (GIS) database and in a library archive to preserve this information, and to provide water resource managers access to it. The GIS will provide computerized mapping, database support, data reduction and analyses for monitoring and inventory of water resources.

Deliverable - A summary of the maintenance activities and updates of the GIS database and Library Archive will be provided to the Bureau of Indian Affairs annually.

Task 6 Coordinate Intergovernmental water resources projects - Routinely coordinate the water resource management efforts of tribal, federal, state, and local agencies. Program staff will meet at least twice a year with technical staff from the U.S. Bureau of Indian Affairs, U.S. Bureau of Reclamation (Upper and Lower Basin), the Army Corps of Engineers, the Indian Health Services, and the Natural Resources Conservation Services for this purpose.

Deliverable – A summary of these meetings will be provided to the Bureau of Indian Affairs annually.

Task 7 Additional Technical Support – Within the context of the Program's purpose, Program staff may be required to help address water resources challenges and take advantage of opportunities that arise during the year. These challenges may be manifested due to hydrologic events such as floods or droughts. Conversely, opportunities may be created by other agencies that are attempting to meet the water resource management needs of the Navajo Nation. Working in close consultation with the Bureau of Indian Affairs, Program staff may provide this assistance. The Program will inform the Bureau of Indian Affairs staff on a regular basis, and in advance, as the need for this additional technical support becomes apparent.

Deliverable – A summary of the specific activities, goals and objectives will be provided to the Bureau of Indian Affairs annually.

II. Tasks to be accomplished with Non-Reoccurring Funds:

The Navajo Nation may elect to submit proposal(s) for one-time funding on a project-by-project basis. If such funding is awarded, the Navajo Nation will only expend such funding, subject to credit for any in-kind contributions, for the project purposes set forth in the applicable proposal. Unexpended funds or subsequent one-time funding will be used toward completion of project(s) in the original proposal. Within one month after receiving project funding notification from the NRO-Water Resources, the program shall submit a revised workplan(s) to NRO-Water Resources to reflect the funding that will actually be available.

If the Navajo Nation elects to submit proposals as mentioned above, the proposals will be submitted in accordance with Federal Register 70, Number 201, Wednesday, October 19, 2005, Notice of Revised Instructions for Preparing and prioritizing Water Program Funding Requests and the BIA Central Office Water Programs Funding Guidance. The NRO-BIA will provide a copy of such publications to the program. The Navajo Nation may submit annual project Water Planning Predevelopment proposals, such proposals will be submitted to the BIA-NRO Water Resources program by August 1 and the Awarding Official by August 1, unless another mutually acceptable date is agreed on. The Navajo Nation's submittal is based on receiving timely notification of Water Planning Predevelopment proposals for the current fiscal year. If the Navajo Nation does not receive notification by July 15th of what projects are being funded, then the BIA-NRO will work on a mutually beneficial date to submit the proposals that is after August 1st.

III. Reporting Requirements:

The program will give an annual performance measure report to the Awarding Official Technical Representative to ensure compliance with the terms of the Contract during the Annual Monitoring Evaluation identified in Part N. Technical Assistance and Monitoring.

The Navajo Nation Water Management Branch and/or Navajo Nation Office of Management and Budget, and NRO-Water Resources will meet at least quarterly to discuss ways to enhance the Navajo Nation's operation of the program, including, but not limited to the preparation of proposals, workplans, project review, including project financial status, and to discuss ways to enhance the NRO-Water Resources delivery of services.
